Club Structure

The Club exists both for the enjoyment of the hobby of model railroading by its members and for providing service to the community by presenting the concepts of railroad history and operations in an educational and entertaining manner.

Magic Valley Model Railroaders is a registered 501 (c) (3) nonprofit organization that is governed by bylaws. A copy of the by-laws is available on our web site. The club is housed in one of the newer buildings located on the Twin Falls County Fairgrounds. The building is appropriately located next to the railroad caboose. There are four model train scale layouts. Inside of the building is N, HO and O. Outside is the G scale.

Club Membership

Membership is based on the desire to be a part of the club. Being part of the club would include an active involvement in one or more of the scale areas. You will need to get qualified to operate at least one of the scale railroads. Members are required to put in time at the public displays such as the Twin Falls County Fair. Cleanup and assistance in physically developing the scales is also required. What we are asking for is for members that want to get involved if physically possible, not just show up and play with the trains. For our challenged community members, come on out and do what you can and have fun.

We take pride that our club membership is also a family membership. The Magic Valley Model Railroaders is designed for families to work together if they wish. If your family is only you, please know you are just as welcome.

Our monthly dues are \$10 per month regardless of the number of members of the family.
